## NATURAL HOT SPRINGS

Enjoy beautiful, secluded hot springs at a private boutique property in the mountains. The property features seven pools of thermal mineral water, which range between 93-102°F (34-39 °C ) degrees. Enjoy this therapeutic spa experience along with the beautiful misty views overlooking the mountains and landscapes of the Orosi valley.

## COFFEE TOUR

The tour begins with visiting the coffee plantations and learning about the coffee fruit and cultivation. We proceed to learn about how the coffee is harvested and taken to the processing stations where it is dried and prepared. We will hear about how sustainability is incorporated into the production of coffee. After this we proceed to the toasting and grinding area. Finally we end the tour with a coffee sampling/tasting at our beautiful coffee house.
